CID is proud to be part of the County’s Voter Accessible Advisory Committee. The charge of this committee is to:

“Advise, assist, and provide recommendations to the Chief Elections Officer regarding the implementation of federal and state laws relating to the access of the electoral process”

We look forward to working with Mr. Church’s office on making voting accessible to all!
We've just finished building this ramp for an 83 year old woman suffering from severe back problems. She runs a small business and starts her day at 5am daily. We built her a new ramp which greatly enhanced her mobility and accessibility in the community.

We install ramps, rails, grab bars, vertical lifts, and other modifications to make a home more accessible.

These modifications assist people with disabilities to remain at home, or move back into their home with greater independence.
