ADA Toilets

Toilet Safety Frames

Handheld Showers

And other items

### Testimonials:

*We are so grateful for the work you did to make our home safe for us! Our son has been thriving, being able to use his bathroom and enter and exit the home without struggle. It is a true gift; just 4 years ago, he was crawling in and out of our apartment because of accessibility barriers. Thank you for the work you do, it has changed our quality of life and I'm sure so many others! – **South San Francisco Resident***

*I want to thank you all for making possible accessibility work done at my home. I am very grateful for your help. Les, the contractor, did a fantastic job to make my backyard steps more accessible. The finished job looks beautiful and has enhanced the look of my backyard. Thank you for the wonderful work that you do to help so many people. – **Menlo Park Resident***
