

Dear Friends,

The **Center for independence of Individuals with Disabilities (CID)** is deeply invested in the safety and well-being of our community. This includes serving San Mateo's most at-risk older adults and individuals with disabilities.

CID is very aware of the emerging **COVID-19 (Coronavirus)** and will be following preventative measures recommended by the Center for Disease Control (CDC) and the County of San Mateo. **As a result, we are suspending all non-essential in-person meetings, off-site visits, and community events, starting March 16th and until further notice.**

The COVID-19 (Coronavirus) pandemic is an evolving situation, and we are coordinating our efforts closely with the County of San Mateo & Human Services who has established a new website and hotline to answer questions and provide up to date information:

San Mateo Count COVID-19 Website:

<https://www.smchealth.org/coronavirus>

COVID-19 Hotline:

(650) 363-4422

The California Department of Public Health (CDPH) has issued official COVID-19 guidance which addresses the dynamic needs and prevention measures of individuals, caregivers, adult day programs, health programs, and staff in the access and functional needs space. It can be accessed using the following link:

<https://www.cdph.ca.gov/Programs/CID/DCDC/Pages/Guidance.aspx>

We are committed to providing ongoing support and services to our community during these difficult times.

Sincerely,

Donna Reed

Executive Director
